Poster Kit v3.4 — User Guide

Welcome to the Poster Kit v3.4 (AI Ethics Toolbox)!

■ Quick Start:
1. Open poster-kit-v3.4.html in your browser (Chrome/Edge recommended).
2. Fill in Header and Subtitle.
3. Add your text in the Greek and English blocks separately.
4. Adjust font, alignment, colors, and font size for each block.
5. (Optional) Upload an image, adjust size, position, opacity, and corners.
6. Add doodles/icons in the 4 corners if desired.
7. Switch between Story (1080x1920) or Feed (1080x1350).
8. Export as PNG or PDF with one click.

■ Tips:
- Use PNG export for TikTok/IG posts (high-quality image).
- Use PDF export for print or archiving.
- Try different colors and doodles to keep your style unique.

■ Remember: This kit is free and watermark-free. It's made for creators!
Feel free to share it, remix it, and inspire others.
